Given with Every Purchase of a Parker Duofold Pen and Pencil Set

Snap the pen clip in the Pen-Parker grip and the pen has all the extra usefulness and value of a special desk pen at no

extra cost.

NEW INK ENDS PEN CLOGGING

Makena Pena self-eleaner hence a quick starter! Purker Quant is a new discover m ink-making perfected only at a cust of 8 i8,000. Now you can buy it ut the price of old-time inks. It cleans a pen as it that dissolves all sediment left by other inks. It resists evaporatum, so doesn't dry in the pen set dres on paper 31';

red, violet, green, block. Als Washahle Queek in bloc only the and the a bettle, and a

Here's the greatest news in the pen world today. Canada's favourite pen and pencil set-the handsome, streamlined Parker Duofolds — comes this neat ensemble, to give to the pen the utmost possible in usefulness, convenience and value . . . and without extra cost

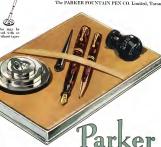

First — the Pen-Parker — an invention which allows the very same Parker Duofold that is carried about as a pocket pen, to be parked on the desk, upright - in writing position. The time and effort-saving advantages of such a pen-stand are tremendous. The pen, held ready to the hand at the most convenient angle, can never be mislaid under books or papers. The point is always moist and protected from dust and damage.

Also included is a pen taper to convert the pen itself into a slender, tapered desk pen at will, so beautifully balanced in the hand that it makes writing a delight-

Lastly -- a 30,000 word bottle of Quink. This new ink invention by Parker actually cleans the pen as it writesends for good clogging and shaking to start the ink flow. The complete ensemble comes in a handsome velourlined gift box.

Before buying see this remarkable offer — which can give so much extra worth even to the jewel-like pressureless writing Duofold, already the accepted standard of fountain pen excellence from Atlantic to Pacific. But act quickly because the offer will be withdrawn when the supply is exhausted.
